Financial Management
GMT 2110E

Syllabus
Winter Term 2019/20

Start
October 1st, 2018

Date
Wednesday, 15.30 – 17.00 h in W1.3.05
Thursday, 15.30 – 17.00 h in W3.2.03
17.15 – 18.45 h in W3.2.03

Special dates
There will be only one lecture on the following Thursdays
December 5th, 15.30 – 17.00 h
December 12th, 15.30 – 17.00 h
January 9th, 15.30 – 17.00 h
January 23rd, 15.30 – 17.00 h

Replacement sessions will be on
November 12th, 09.45 – 11.15 h in W3.2.01
November 19th, 09.45 – 11.15 h in W3.2.01
November 26th, 09.45 – 11.15 h in W3.2.01
December 3rd, 09.45 – 11.15 h in W3.2.02

ECTS-Credits: 7
Level: 3rd / 4th Semester
Prerequisites:
English Language Skills
Lectures on bookkeeping (Foundations of financial accounting)
Basic knowledge on general business administration

Grading:
100 % on written exam of 90 minutes during the regular exam period.
With preparation and presentation of a voluntary short presentation (see below) up to 3 points can be earned for the exam.

Learning Objectives:
- Know and understand the rules and methods of the German Commercial Code for preparing annual financial statements
- Perform financial analyses of annual financial statements, calculate and interpret key performance indicators
- Distinguish between Investment and Financing
- Know the main types of investment decisions and methods
- Grasp, apply and evaluate the static and dynamic methods of investment appraisal
- Know and evaluate different forms of financing
- Calculate the liquidity and capital needs of a company
Main Course topics:
- Financial Accounting (German Commercial Code)
  - Fundamentals of Annual Financial Statements
  - IFRS and General Accepted Accounting Principles
  - General Recognition and Measurement Rules
  - Accounting for non-current and current assets
  - Accounting for equity and debt
  - Income Statement, Notes and Cash Flow Statement
  - Financial Analysis
- Investments and Financing
  - Financial Planning and Forms of Financing
  - Static Methods of Investment Appraisal (Capital Budgeting)
  - Dynamic Methods of Investment Appraisal (Capital Budgeting)
  - Equity Financing
  - Debt Financing
  - Internal Financing

Teaching and Learning Approach
- Students and their learning progress are at the core of the mission of Pforzheim Business School. Therefore, this is very important to me and I will support it in class as well as by guidance for your individual reading and exercising. In addition we can discuss problems via e-mail or arrange an appointment. The written exam will provide a final feedback on the success of your learning efforts.
- The course follows primarily a lecture-style approach but reworking of the materials and exercises, selected readings and continuing active class participation throughout the term are expected. The teacher does not cover all the subjects but focuses on the main subjects referring to reading assignments. A lot of time in class will be used to apply the knowledge and the methods. In addition real annual financial statements will be analysed and discussed.
- If you miss classes, you miss an important learning opportunity.

Short Presentations
Students can actively contribute to the lecture by preparing and presenting a short presentation:
- To prepare a short presentation is voluntary.
- The presentation should cover a current topic (e.g. based on an article in a newspaper) that is related to the topics of the lecture.
- The presentation should take about 3 minutes (max. 5 minutes) and highlight
  - what has happened/happens,
  - why is that interesting / relevant and
  - how it is linked to the lecture.
- A student can earn up to 3 points for the final exam by preparing and giving a presentation.
- There will be one presentation per week. Students have to sign up for a specific date in the first week.

Course Materials
- Lecture Notes
- Additional Exercises
Course Contribution to bachelor program’s common learning goals:
