

Business School at Pforzheim University

- IMEP | International Master Exchange Program -

IND6200E Independent Studies

- Research Topics Fall 2020 -

9 ECTS-Credits

Please note, we originally offered three different independent study offers which we now consolidated into one with a wide range of topics available.

Format

- Scientific work one-on-one or in groups of 2-3 with a professor of Pforzheim Business School resulting in an extended scientific essay;
- Topics are to be arranged by mutual agreement – driven by student's interest and qualification;
Please Note: No professor is required to issue a topic without being convinced of the student's qualification and motivation to successfully complete the intended project.
- Counselling meetings and deadline for handing in the scientific essay on mutual agreement. However, the essay must be handed in by end of February latest.

Grading:

Based on the scientific essay.

Research Topics

The following tables are indicating the available research areas within the three Independent Studies modules. You may also suggest your own research topic. Detailed information how to proceed will be available during the IMEP Welcome & Orientation Session.
