Second stage of study - modules specific to the course of study

AUD2020: ACCOUNTING

Accounting	
Module ID	AUD2020
Semester	3
Credits	5
SWS	4
Frequency	Every semester
Associated Courses	AUD2021 – Intermediate Financial Accounting
Prerequisites	None
Assessment Methods and duration	PLM /PLK -90 minutes
Requirements for granting of credits	Passing the examination performance
Significance for the Final Grade	The module counts weighted by its credits to the final bachelor grade.
Planned group size	max. 40 students
Language	German
Module Duration	1 semester
Module Coordinator	Häfele, Markus
Lecturer(s)	Stobbe, Thomas / Erhardt, Martin / Häfele, Markus
Subject area / course of study	Taxation and Auditing
Pedagogical Approach	Lecture with exercises
Applicability in other programs	None
Objectives	<p>The students master the specifications for the representation of net assets, financial position and results of operations in the annual financial statements in accordance with German commercial law. In this context they have acquired comprehensive knowledge of the regulations on recognition, accounting and measurement of assets and liabilities, income and expenses. They are also familiar with the impact of the annual financial statements on the tax account. The module thus primarily serves to deepen knowledge as well as the acquisition of instrumental competence.</p>
Content	<p>Intermediate Financial Accounting:</p> <ul style="list-style-type: none"> • Theoretical foundations • Accounting principles • Balance • Profit and loss account • Notes and management report

Relation to other Modules	The module builds on the ABWL courses "Accounting" and the first half of the module "Accounting and Finance" and is the basis for the further accounting and auditing models of the study program.
Workload	In addition to the 4 x 15 = 60 SWS attendance time, students are expected to spend an additional 90 h for preparation and follow-up work, independent literature study, working on exercises and exam preparation.
Literature	<p>Intermediate Financial Accounting:</p> <ul style="list-style-type: none"> • Schildbach, Thomas / Stobbe, Thomas / Freichel, Christoph / Hamacher, Katrin: Der handelsrechtliche Jahresabschluss, 11. Auflage, Sternenfels, 2019; • Baetge, Jörg / Kirsch, Hans J. / Thiele, Stefan: Bilanzen, 15. Aufl., Düsseldorf 2019. • Coenenberg, Adolf G./ Haller, Axel / Schultze, Wolfgang; Jahresabschluss und Jahresabschlussanalyse, 26. Aufl., Stuttgart 2021 (ab vsl. 15.4.21 verfügbar);
Keywords	Accounting, Balancing
Other	Successful completion of the module is an examination prerequisite performance for the TAX4030 and THE4999 modules of the seventh Semester of Study.
Last edited	March 2021

TAX2100: TAXATION I

Taxation I	
Module ID	TAX2100
Semester	3
Credits	5
SWS	4
Frequency	Every semester
Associated Courses	TAX2011 - Income Taxation
Prerequisites	None
Assessment Methods and duration	PLK - 90 minutes
Requirements for granting of credits	Passing the examination performance
Significance for the Final Grade	The module is weighted with its credits in the bachelor final grade.
Planned group size	max. 40 students
Language	German
Module Duration	1 semester
Module Coordinator	Sabine Assmann
Lecturer(s)	Professors of the study program "Taxation and Auditing"
Subject area / course of study	Taxation and Auditing
Pedagogical Approach	Lecture with exercises
Applicability in other programs	None
Objectives	<p>Students will be able to recognize the tax consequences of commercial partnerships, corporations and mixed corporate forms. They will be able to determine the income tax assessment bases and total burdens and draw up a comparison of the income tax burdens of different legal forms on the basis of various circumstances.</p> <p>The module thus primarily serves to broaden and deepen knowledge.</p>
Content	<ul style="list-style-type: none"> • Special aspects of income tax • Special aspects of corporate tax • Special aspects of the trade tax
Relation to other Modules	The module builds on the module TAX1010 "Corporate Taxation" and is the basis for all further tax modules.
Workload	In addition to the 4 x 15 = 60 SWS attendance time, students are expected to spend an additional 90 h for preparation and follow-up, independent literature study, working on exercises and exam preparation.

Literature	<ul style="list-style-type: none"> • Beck'sche Steuergesetze, Steuerrichtlinien und Steuererlasse • Dinkelbach, Ertragsteuern, Wiesbaden • Frotscher, Körperschaftsteuer, Gewerbesteuer, München • Niehus/Wilke: Die Besteuerung der Personengesellschaften, Stuttgart • Niehus/Wilke: Besteuerung der Kapitalgesellschaften, Stuttgart • Preißer (Ed.), Ertragsteuerrecht, Die Steuerberaterprüfung 2012, Band 1, Stuttgart • Stobbe, Steuern Kompakt, Sternfels • Individual current judgments of the BFH and essays (will be announced in the course)
Keywords	Income tax, corporate tax, trade tax
Other	Successful completion of this module is a prerequisite for TAX4030 and THE4999 in the seventh semester.
Last edited	March 2021

LAW2020: CORPORATE LAW

Corporate Law	
Module ID	LAW2020
Semester	4
Credits	5
SWS	4
Frequency	Every semester
Associated Courses	LAW2023 – The Law of Companies and Corporations
Prerequisites	None
Assessment Methods and duration	PLK - 90 minutes
Requirements for granting of credits	Passing the examination performance
Significance for the Final Grade	The module is weighted with its credits in the bachelor final grade.
Planned group size	max. 80 students
Language	German
Module Duration	1 semester
Module Coordinator	Schweizer, Kerstin / Tavakoli, Anusch
Lecturer(s)	Professors of the course of studies in Commercial Law
Subject area / course of study	Law
Pedagogical Approach	Seminar teaching
Applicability in other programs	The course is also offered for the bachelor's degree program "Business Administration/Controlling, Finance and Accounting".
Objectives	<p>Expertise Students will be familiar with the most important forms of business and are proficient in the classic legal case resolution in corporate law. They have a basic understanding of organizational regulations, liability regulations and liquidation problems in the corporate law.</p> <p>Critical thinking and analytical skills Students are able to apply analytical skills constructively and critically to problems. The module thus primarily serves to broaden and deepen knowledge.</p>
Content	<ul style="list-style-type: none"> • General basics • The BGB company and the commercial partnership • The limited liability company • The joint stock company • The combination of company types (for example the GmbH & Co. KG)

	<ul style="list-style-type: none"> • Other types of companies (EEIG, partnership companies, etc.) • Company succession
Relation to other Modules	Builds on the previous law modules
Workload	150 hours, of which 60 hours are contact time and 90 hours are preparation and follow-up (self-study).
Literature	<ul style="list-style-type: none"> • Grunewald, Barbara; Gesellschaftsrecht • Klunzinger, Eugen; Grundzüge des Gesellschaftsrechts
Keywords	Law of corporations, law of trading companies, group law, corporate succession
Other	Successful completion of this module is a prerequisite for the THE4999 module in the seventh semester of study.

TAX2050: DIGITALIZATION IN TAX CONSULTING AND AUDITING

Digitalization in Tax Consulting and Auditing	
Module ID	TAX2050
Semester	4
Credits	5
SWS	4
Frequency	Every semester
Associated Courses	TAX2021 – Digitalization in Tax Consulting and Auditing (2 credits) AQM2132 – Computer-aided analysis in Taxation and Auditing (CMM) (3 credits)
Prerequisites	None
Assessment Methods and duration	Digitalization in Tax Consulting and Auditing: PLR/PLM Computer-aided analysis in Taxation and Auditing (CMM): PLH/PLR/PLM/PLK 30 minutes
Requirements for granting of credits	In each case: Passing of the respective examination performance
Significance for the Final Grade	The module is weighted with its credits in the bachelor final grade.
Planned group size	max. 35
Language	German CMM if necessary also in English
Module Duration	1 semester
Module Coordinator	Spohn, Patrick / Wüst, Kirsten
Lecturer(s)	Professors of the Tax and Auditing program and of the Quantitative Methods department
Subject area / course of study	Digitalization in Tax Consulting and Auditing: Taxation and auditing Computer-aided analysis in Taxation and Auditing (CMM): Quantitative methods
Pedagogical Approach	In each case lecture with project work or with laboratory exercises
Applicability in other programs	Recognizable in the courses of study "Controlling, Finance and Accounting" and "International Business"
Objectives	<p>Students will be able to use the knowledge they have acquired from the areas of tax consulting and auditing in practice-relevant IT programs. They know the software offered on the market for capturing and processing of fiscal facts.</p> <p>The students are able to work out differences in the taxation-software. They can document, compare and analyse the findings.</p> <p>In addition, students are familiar with the different types of risk in the entrepreneurial environment and know the basic</p>

	<p>concepts of risk management. They are able to evaluate different risk categories with the help of computers and are familiar with the equity requirements for risk-bearing positions.</p> <p>The module thus primarily serves to deepen knowledge and to acquire instrumental competence. The course Computer-aided Management Methods also contributes significantly to the acquisition of systemic and communicative competence.</p>
Content	<p><u>Digitalization in Tax Consulting and Auditing:</u></p> <ol style="list-style-type: none"> 1. Processing of complex tax cases 2. Solving the issues with the help of the authoritative tax laws and policies 3. Discussion and analysis of tax calculations and the program-specific evaluations 4. Preparation / elaboration of the individual project work <p><u>Digitalization in Tax Consulting and Auditing:</u></p> <p>Students</p> <ol style="list-style-type: none"> 1. can define different types of risk (market risk, credit risk, liquidity risk, operational risk) 2. understand the concept of parametric value at risk and can apply it to normally distributed risk variables 3. understand the portfolio aspect of risk theory 4. understand how the concept of VaR is used in risk management of a bank or a company 5. understand the difference between an analytical calculation and a calculation by simulation and can carry out a simple Monte Carlo simulation (MCS) 6. can calculate historical simulations (VaR) for portfolios with several different assets 7. can calculate the credit value at risk (CVaR), if a transition matrix is given 8. can correctly interpret the results of their calculations <p>The lecture includes the introduction and independent application of the most important risk management methods for the quantitative preparation of management decisions. The various concepts are implemented in Excel.</p>
Workload	<p>Digitalization in Tax Consulting and Auditing: Taxes and auditing: 2 x 15 SWS = 30 SWS contact hours plus 30h for preparation / rework</p> <p>Computer-aided analysis in Taxation and Auditing (CMM): 2 x 15 SWS = 30 SWS contact hours plus 60h for preparation / rework</p>
Literature	<p>Computer-aided analysis in Taxation and Auditing (CMM):</p> <ul style="list-style-type: none"> • Albrecht/Maurer: Investment- und Risikomanagement: Modelle, Methoden, Anwendungen. Schäffer-Poeschel, Stuttgart • Hull, John C.: Risk Management and Financial Institutions. Pearson Education, New Jersey • Jorion: Value at Risk. McGraw-Hill, New York • Wüst, Kirsten: Risikomanagement: Eine Einführung mit Anwendungen in Excel. Konstanz 2014.

Keywords	-
Additional Remarks	<p>The PLH and PLR examinations in the course "Computer-aided management methods (CMM) in the field of taxation and auditing" are generally carried out in the form of teamwork in groups of 2 to 4 students (individual assignment reserved for PLH). The teamwork is also subjected to a self-evaluation of the students (reference: support of the sustainability of the promotion of social competence, cf. training teamwork of the SIK program).</p> <p>Successful completion of the module is an examination requirement for the module THE4999 of the seventh study semester.</p> <p>One of the two parts of the module is usually organized as a fast track, with completion of the examination(s) well before the normal examination period.</p>
Keywords	Simulation, data analysis

AUD2030: ACCOUNTING AND TAXATION

Accounting and Taxation	
Module ID	AUD2030
Semester	4+6
Credits	8
SWS	4
Frequency	Every semester
Associated Courses	TAX2031 – German Tax Accounting (4 credits, 4th semester) AUD2031 - Seminar Accounting, Auditing and Taxation (4 credits, 6th semester)
Prerequisites	None
Assessment Methods and duration	German Tax Accounting: PLK - 60 minutes, Seminar Accounting, Auditing and Taxation: PLH/PLR
Requirements for granting of credits	In each case: Passing of the respective examination performance
Significance for the Final Grade	The module counts weighted by its credits to the final bachelor grade.
Planned group size	German Tax Accounting: Max. 80 students Seminar Accounting, Auditing and Taxation: Max.35 students
Language	German
Module Duration	2 semesters (+ intermediate practical semester)
Module Coordinator	Stobbe, Thomas / Häfele, Markus
Lecturer(s)	Professors of the course of studies Taxation and Auditing
Subject area / course of study	Taxation and Auditing
Pedagogical Approach	Lecture
Applicability in other programs	The course "German Tax Accounting" is also offered in the bachelor's program "Business Law"
Objectives	<p>The students know the objective of the fiscal balancing and can assess the impact (and breakthroughs) of the authoritative principle for the commercial and tax balance sheets and take them into account in a targeted manner. They also master the determination of profits for tax purposes by ascertaining the surplus of operating revenues over operating expenses as well as by applying the tax accounting rules which are strongly influenced by jurisdiction. They know the special requirements of partial value depreciation and are in a position to exercise individual options of the so-called tax-free reserves, which are lined as options, with a subsequent special depreciation.</p> <p>In the course of the Seminar Accounting, Auditing and Taxation, students are able to apply the knowledge gained in previous modules of the degree program to practical tax law issues while observing scientific methods (term paper with presentation).</p>

	<p>The module thus primarily serves to deepen knowledge and to acquire instrumental competence. The seminar also contributes significantly to the acquisition of systemic and communicative competence.</p>
Content	<p><u>German Tax Accounting</u> The following topics will be dealt with in the course Balance Sheet Tax Law: Structure and basic concepts, relationship between commercial and tax balance sheet (relevance), the items of the balance sheet (assets / liabilities) and the valuation of the balance sheet items.</p> <p><u>Seminar Accounting, Auditing and Taxation</u> Depending on the subject</p>
Relation to other Modules	-
Workload	2 x 15 SWS = 30 SWS attendance time plus 90 h each for preparation and wrap-up, independent literature study, processing of exercises and exam preparation
Literature	<p>German Tax Accounting:</p> <ul style="list-style-type: none"> • Beck'sche Steuergesetze, Steuerrichtlinien und Steuererlasse • Dinkelbach, Ertragsteuern, Wiesbaden • Frotscher, Körperschaftsteuer, Gewerbesteuer, München • Horschitz, H./ Groß, W./ Fanck, B.: Bilanzsteuerrecht und Buchführung, Stuttgart • Jurowksy, R./ Graetz, J./ von Campenhausen, O.: Betriebliche Steuern 3. Bilanzsteuerrecht, Stuttgart • Lippross, Umsatzsteuer • Niehus/Wilke: Die Besteuerung der Personengesellschaften, Stuttgart • Niehus/Wilke: Besteuerung der Kapitalgesellschaften, Stuttgart • Preißer (Ed.), Ertragsteuerrecht, Die Steuerberaterprüfung 2012, Band 1, Stuttgart • Stobbe, Steuern Kompakt, Sternfels • Weber-Grellet, H.: Bilanzsteuerrecht, Münster • Individual current BFH rulings and essays (will be announced in the course)
Additional Remarks	<p>Successful completion of TAX2031 is a prerequisite exam for the THE4999 module of the seventh semester of study.</p> <p>The seminar may also be taken as part of an equivalent performance during a semester of study abroad.</p>
Keywords	Tax accounting law, balance sheet, balancing

TAX3020: ELECTIVES IN TAXATION AND AUDITING

Electives in Taxation and Auditing	
Module ID	TAX3020
Semester	6
Credits	6
SWS	4
Frequency	Every semester
Associated Courses	TAX3021 - International Taxation (3 credits) LAW4011 - European and International Corporate Law (3 credits) FIN3201 - Investment controlling (3 credits) TAX3022 – Taxation of Changes in the firm's legal status (3 credits) (alternative offers possible)
Prerequisites	Successfully completed first stage of studies
Assessment Methods and duration	PLR / PLH / PLK - usually 60 minutes International Taxation: PLR / PLH / PLK -60 minutes Investment controlling: PLK- 45 minutes Taxation of Changes in the firm's legal status: PLR / PLH / PLK -60 minutes European and International Corporate Law: PLR / PLH / PLK - 60 minutes
Requirements for granting of credits	In each case: Passing of the respective examination performances. It must be successfully completed WPF offerings with a total of 6 credits.
Significance for the final grade	The module counts weighted by its credits to the final bachelor grade.
Planned group size	max. 50 students
Language	German Investment Controlling: English
Module Duration	1 semester
Module Coordinator	Häfele, Markus
Lecturer(s)	Professors of different courses of study / subject areas
Subject area / course of study	Taxation and Auditing
Pedagogical Approach	Lecture with exercises
Applicability in other programs	Individual elective courses can be taken in the "Controlling, Finance and Accounting" and "Business Law" degree programs
Objectives	International Taxation: Students will be able to classify cross-border situations for income and corporate tax purposes. The students will be able to provide information on whether and to what extent a taxpayer can offset foreign taxes, to what extent non-resident taxpayers are subject to

	<p>limited tax liability in Germany and whether border commuter regulations exist. They will also learn the basics of the regulations of the Foreign Tax Act and the European legal requirements in tax law. The students will recognize the importance of the OECD Model Convention and will be able to apply DTAs in specific cases.</p> <p>Investment controlling:</p> <p>The students have deepened their knowledge in the field of investment accounting and are thus able to independently assess investments. They are familiar with procedures for taking opportunities and risks into account.</p> <p>Taxation of Changes in the firm's legal status:</p> <p>The students know the conversion possibilities of the different company forms, in particular the prerequisites and the resulting legal consequences for tax purposes.</p> <p>European and international corporate law: <u>Expertise</u> The students are familiar with the corporate law issues that can arise from the cross-border organization of companies. Furthermore, they know the manifestations of European corporate forms.</p> <p><u>Critical thinking and analytical skills</u> Students will be able to apply analytical skills constructively and critically to problems.</p> <p>The module thus primarily serves to broaden and deepen knowledge as well as to acquire instrumental and systemic competence.</p>
Content	<p><u>International Taxation:</u></p> <ul style="list-style-type: none"> • Concept and Basic Principles of International Tax Law • European law • Foreign tax (income tax; corporate income tax) <p><u>Investment controlling:</u></p> <ul style="list-style-type: none"> • Deepening and assessment of investment calculations • Procedures for the consideration of opportunities and risks. <p><u>Taxation of Changes in the firm's legal status:</u></p> <ul style="list-style-type: none"> • Conversion options of the various company forms and the resulting legal tax consequences. <p><u>European and International Corporate Law:</u></p> <ul style="list-style-type: none"> • Corporate law issues of cross-border organization of companies. • Manifestations of European corporate forms.
Relation to other Modules	-
